- 2.2 Board Member Discussion Items – Director Peterson advised that he would not be in attendance at the May 16, 2012 Board Meeting. He expressed concern that the next scheduled Board Meeting is June 20, 2012, and that date is more than thirty days from the May 8, 2012 cancelled election, which would prohibit him from taking his oath of office within the 30 day legal requirement. The District Manager advised that she would discuss the issue with legal counsel and take the appropriate action to resolve.
- 2.3 Disbursements – A motion was made and seconded; (RESOLUTION 12-031) TO APPROVE CHECKS 20832 THRU 20848 IN THE AMOUNT OF \$216,068.88 WHICH WERE PREVIOUSLY DISBURSED FROM WELLS FARGO BANK WEST. The motion passed unanimously.

In reference to check number 20842 issued to Spronk Water Engineers, Inc., specifically related to the item described as Pleasant Park Ditch Transfer, Director Peterson asked if the effort is still within the contracted amount. The District Manager advised that the work associated with the preparation for Water Court had been completed under budget and that the work to assist the District in prosecuting the Water Court Application was now underway.

In reference to check number 20846 issued to Velocity Constructors, Inc. and check number 20847 issued to Walker Process Equipment, Director Peterson asked if this was the end of the expenses associated with the installation of the RBC (Rotating Biological Contactor) at the Wauconda Wastewater Treatment Plant. The District Manager advised that with the exception of engineering fees no other expenses associated with the physical RBC and its installation were anticipated.

A motion was made and seconded; (RESOLUTION 12-032) TO APPROVE CHECKS 20849 THRU 20856 IN THE AMOUNT OF \$47,076.50 TO BE DISBURSED FROM WELLS FARGO BANK WEST. The motion passed unanimously.

In reference to check number 20849 issued to Alan Hill, Yates Law Firm, LLC, Director Peterson suggested that it would be helpful to get quarterly status updates in an executive summary format for the District's open legal matters. Director Peterson requested clarification on the two items described as Application of Perry Park Country Club. The District Manager advised that one of the items was the Decree of the Water Court associated with the refill right on the Wauconda reservoir and the other was the dismissal of the Chatfield Reservoir water exchange case.

- 2.4 Letter – Mr. Donald Beran regarding billing when property is vacant – The Board reviewed a letter from Mr. Beran that had been sent to the District regarding the District's billing policy when residences are vacant. - 2.5 Perry Park 6, Block 2, Lot 26 – Estimate to Run Service Line from Main to Property Line – The District Manager summarized the history of the property, beginning with the March 21, 2006 Board decision to deviate from the Master Plan, agreeing to the installation of a septic system on the property. After discussion with the current property owner at the January 18, 2012 Board Meeting regarding the unforeseen costs, approximately \$60,000.00 that he will incur by connecting to the District's centralized sewer system, the Board had requested that the District Manager obtain an estimate to run a sewer service line from the District's sewer main to the property line.

The Board reviewed the estimate provided by Fischer Enterprises, Inc., in the amount of \$3,950.00. After discussion the Board authorized the District Manager to install the sewer service line from the sewer main to the property line.
