Independent Auditors' Report

Board of Directors
Perry Park Water and Sanitation District
Douglas County, Colorado

We have audited the accompanying basic financial statements of Perry Park Water and Sanitation District (the District), as of and for the years ended December 31, 2010 and 2009, as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinions.

The District has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Perry Park Water and Sanitation District as of December 31, 2010 and 2009, and the results of its operations and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming opinions on the financial statements taken as a whole. The supplemental information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements of the District. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

These financial statements should be read only in connection with the accompanying notes to financial statements.

NOTE 1 – DEFINITION OF REPORTING ENTITY

Perry Park Water and Sanitation District (District), a quasi-municipal corporation, was organized in 1969, and is governed pursuant to provisions of the Colorado Special District Act. The District exists to provide water and sanitary sewer facilities and services to the Perry Park area of Douglas County, Colorado. A portion of the District is included in the Town of Larkspur.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

The accounting policies of the District conform to generally accepted accounting principles as applicable to governmental units accounted for as a proprietary enterprise fund. The enterprise fund is used since the District's powers are related to those operated similar to a private utility system where net income and capital maintenance are appropriate determinations of accountability.

The District has elected to follow Governmental Accounting Standards Board pronouncements. Therefore, statements issued by the Financial Accounting Standards Board after November 30, 1989, are not applied.

Basis of Accounting

The District's records are maintained on the accrual basis of accounting. Revenue is recognized when earned and expenses are recognized when the liability is incurred. Depreciation is computed and recorded as an operating expense. Expenditures for capital assets are shown as increases in assets, and redemption of bonds and loans are recorded as a reduction in liabilities. Tap fees and contributed assets from developers are recorded as capital contributions when received.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Operating Revenues and Expenses

The District distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. Operating revenues consist of charges to customers for service provided. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses or capital contributions.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements.

Cash Equivalents

For purposes of the statement of cash flows, the District considers cash deposits and highly liquid investments (including restricted assets) with a maturity of three months or less when purchased, to be cash equivalents.

Property Taxes

Property taxes are levied by the District Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred revenue in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

Accounts Receivable

Accounts receivable are shown net of an allowance for uncollectible accounts. Accounts receivable are expensed as bad debts at the time they are determined to be uncollectible. Accounts receivable for unpaid availability fees comprises the majority of the allowance for uncollectible accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital Assets

Capital assets, which include land, water rights, buildings, distribution and collection systems and machinery and equipment, are reported by the District. Capital assets are defined by the District as capital assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation or at the developer's cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable. Depreciation and amortization expense has been computed using the straight-line method over the estimated economic useful lives:

Buildings 35 years
Distribution and collection systems 35 years
Machinery and equipment 3-10 years

Tap Fees and Capital Contributions

Tap and development fees are recorded as capital contributions when received. Water and sewer lines contributed to the District by developers are recorded as capital contributions and additions to the systems at the developer's cost or at estimated fair value when received. The District records the contributions at the time the lines are conveyed to the District for preliminary acceptance.

Water Rights

The cost of water rights includes acquisition cost, legal and engineering costs related to the development and augmentation of those rights. Since the rights have a perpetual live, they are not amortized. All other costs, including costs incurred for the protection of those rights, are expensed.

Compensated Absences

The District's employees are entitled to certain compensated absences based on their length of employment. Compensated absences are accrued when incurred in the financial statements. The District has accrued for future payment of this earned leave.

Comparative Data

Comparative total data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the District's financial position and operations. However, comparative data has not been presented in all statements because such inclusion would make certain statements unduly complex and difficult to understand.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Restricted Resources

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

Reclassifications

For comparability, certain 2009 amounts have been reclassified where appropriate to conform with the 2010 financial statement presentation.

NOTE 3 - CASH AND INVESTMENTS

Cash and investments as of December 31, 2010 and 2009 are classified in the accompanying financial statements as follows:

	2010	2009
Cash and Cash Equivalents - Unrestricted	\$ 2,922,679	\$ 2,700,975
Cash and Cash Equivalents - Restricted	14,200	14,100
Total cash and investments	\$ 2,936,879	\$ 2,715,075

Cash and investments as of December 31, 2010 and 2009 consist of the following:

	2010			2009		
Deposits with financial institutions Investments	\$	443,998 2,492,881	\$	431,066 2,284,009		
Total cash and investments		2,936,879	\$	2,715,075		

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by Statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (continued)

At December 31, 2010 and 2009, the District's cash deposits had a bank balance of \$487,638 and \$471,672, respectively, and a carrying balance of \$443,998 and \$431,066, respectively.

Investments

The District has not adopted a formal investment policy, however, the District follows Colorado State statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk; minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements or subject to investment custodial credit risk for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States and certain U.S. government agency securities and the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Certain reverse repurchase agreements
- . Certain securities lending agreements
- . Certain corporate bonds
- * Written repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

As of December 31, 2010 and 2009, the District had the following investments:

Investment	Maturity	2010	2009	
Colorado Surplus Asset Fund Trust (CSAFE) Colorado Liquid Asset Trust	Weighted average under 60 days	\$ 310,633	\$ 290,349	
(COLOTRUST) Wells Fargo Sweep Repurchase	Less than one year	2,182,248	1,835,552	
Agreement	Less than one year	\$ 2,492,881	158,108 \$ 2,284,009	

NOTE 3 - CASH DEPOSITS AND INVESTMENTS (continued)

COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (the Trust), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The Trust operates similarly to a money market fund and each share is equal in value to \$1.00. The Trust offers shares in two portfolios, COLOTRUST PRIME and COLOTRUST PLUS+. Both portfolios may invest in U.S. Treasury securities and repurchase agreements collateralized by U.S. Treasury securities. COLOTRUST PLUS+ may also invest in certain obligations of U.S. government agencies, highest rated commercial paper and repurchase agreements collateralized by certain obligations of U.S. government agencies. A designated custodial bank serves as custodian for the Trust's portfolios pursuant to a custodian agreement. The custodian acts as safekeeping agent for the Trust's investment portfolios and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by the Trust. COLOTRUST is rated AAAm by Standard & Poor's.

CSAFE

The District invested in the Colorado Surplus Asset Fund Trust (CSAFE), which is an investment vehicle established by State statute for local government entities to pool surplus assets. The State Securities Commissioner administers and enforces all State statutes governing the Trust. The trust is similar to a money market fund, with each share valued at \$1.00. CSAFE may invest in U.S. Treasury securities, highest rated commercial paper and repurchase agreements collateralized by U.S. Treasury securities. A designated custodial bank serves as custodian for CSAFE's portfolio pursuant to a custodian agreement. The custodian acts as safekeeping agent for CSAFE's investment portfolio and provides services as the depository in connection with direct investments and withdrawals. The custodian's internal records segregate investments owned by CSAFE. CSAFE is rated AAAm by Standard & Poor's.

Repurchase Agreement

At December 31, 2009, the District had \$158,108 invested in a repurchase agreement that matured on January 2, 2010, which was collateralized by Ginnie Mae Fund securities.

Cash and investments are restricted for the following purposes:

Emergency Reserve

Cash and investments of \$14,200 and \$14,100 are restricted as Emergency Reserves as required by Article X, Section 20 of the Constitution of the State of Colorado at December 31, 2010 and 2009, respectively (see Note 9).

NOTE 4 - CAPITAL ASSETS

An analysis of the changes in capital assets for the year ended December 31, 2010 and 2009 follows:

Depreciation expense for the years ended December 31, 2010 and 2009 were charges as follows:

	2010		2009	
Water Sewer	\$ 427,850 313,752	\$	427,409 313,149	
General and administration	 19,773		22,259	
	\$ 761,375	\$	762,817	

NOTE 5 – LONG-TERM OBLIGATIONS

The following is an analysis of the changes in the District's long-term obligations for the year ended December 31, 2009:

	Balance at December 31, 2008		Ado	dditions Retirements		Dece	ance at mber 31, 2009	
2004 General Obligation								
Refunding Bonds	\$	270,000	\$	-	\$	270,000	\$	-
Bond Premium		2,038		-		2,038		
Cost of Refunding		(7,390)		-		(7,390)		-
	\$	264,648	\$	-	\$	264,648	\$	-

The detail of the District's bonds payable is as follows:

\$1,635,000 General Obligation Refunding Bonds, Series 2004, dated June 29, 2004, with interest of 2.25% to 3.50%, consisting of serial bonds due annually through July 1, 2009. Interest on the bonds is payable semi-annually on January 1 and July 1 of each year, commencing on January 1, 2005. The bonds are not subject to redemption prior to their respective maturities. Payment of principal and interest on the bonds is insured by Ambac Assurance Corporation. On February 20, 2009, Ambac was rated Baa1 by Moody's and A by Standard & Poor's. The bonds were paid in full on July 1, 2009.

Authorized Debt

The District had no authorized but unissued debt and no service plan limitations regarding debt.

NOTE 6 - NET ASSETS

The District has net assets consisting of three components – invested in capital assets, net of related debt, restricted and unrestricted.

Invested in capital assets, consists of capital assets, net of accumulated depreciation and if applicable reduced by the outstanding balances of bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. As of December 31, 2010 and 2009 the District had invested in capital assets of \$20,882,144 and \$21,537,621, respectively.

Restricted assets include net assets that are restricted for use either externally imposed by creditors, grantors, contributors, or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had net assets restricted for the Emergencies (see Note 9) of \$14,200 and \$14,100 as of December 31, 2010 and 2009, respectively.

NOTE 7 - PENSION AND BENEFIT PLANS

Deferred Compensation Plan - Assets in Trust

The District has a deferred compensation plan created in accordance with Internal Revenue Code Section 457. This plan is administered by Lincoln National Life. Participation in the plan is optional for all employees. The plan allows the employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement or death or unforeseen emergencies. The District matches the employee's contribution up to a percentage of compensation as follows: 0-2 years of employment 2%; 2 years of employment 3%; 3 years of employment 4%; and 5 or more years of employment 5%. The District's contributions for the years ended December 31, 2010 and 2009 were \$5,365 and \$4,368, respectively.

NOTE 8 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees, or acts of God. The District maintains commercial insurance for most risks of loss.

Prior to 2008, the District participated in the Colorado Special Districts Property and Liability Pool. The District paid annual premiums to the Pool for general liability and public officials coverage. In the event aggregated losses incurred by the Pool during years of participation, exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members.

NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments. The District does not believe that it qualifies as a TABOR Enterprise.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits and Enterprise qualification will require judicial interpretation.

On November 7, 2006, a majority of the District's electors authorized the District to collect and spend or retain in a reserve all revenues it has received in the past and expects to receive thereafter without regard to any limitations under TABOR.

NOTE 9 - TAX, SPENDING AND DEBT LIMITATIONS (continued)

The November 7, 2006 election question reads as follows:

Shall Perry Park Water and Sanitation District (without increasing existing tax rates or imposing a new tax) be authorized to collect, retain and spend all revenues from whatever source beginning in 2000 and in each year thereafter as a voter approved revenue change and exception to the limits which would otherwise apply under Article X, Section 20 of the Colorado Constitution, the 5.5% property tax revenue limit of Section 29 1 301, C.R.S. or any other law?

This information is an integral part of the accompanying financial statements.
